

Easily Refer Your Patients to SonderMind

Care coordination for direct access to personalized, behavioral health care.

With SonderMind, our trained care coordinators connect your patients to licensed behavioral health providers for in-person or online therapy. Our care coordinators will ensure your patients connect with the right behavioral health provider to address their unique needs and desired outcomes.

Clinically proven to help people see change, faster.

Our data shows that patients with a clinical diagnosis of moderate to severe depression or mild to severe anxiety see results in less than 6 sessions — that's less than 2 months.

If you need a referral form, visit sondermind.com/refer to download.

Send your referral form in four easy, HIPAA-compliant ways:

Phone: **(888) 966-1665** Fax: **(844) 416-0584**

Email: carecoordinators@sondermind.com

Online form: Complete on sondermind.com/refer

If you have your own referral form, simply email or fax to the phone number listed above.

SonderMind care coordinators will take care of the rest, ensuring your patient is connected to a licensed therapist within **48 hours**.

What can your patient expect after your referral?

- A SonderMind care coordinator will reach out via email, text, or phone to complete their account.
- They will have their first therapy appointment in 5-10 days.
- Their billing and insurance information will be requested in advance (for possible copays or deductibles).
